Star Solutions for Hospitality

POS Receipt Printer: The [mC-Print2](#) is compact, versatile front feed 58mm receipt printer with up to 5 interfaces including LAN, USB, Direct Lightning USB Connection with SteadyLAN™, Bluetooth and Cloud for traditional, tablet, web or Cloud POS. Hub functionality for adding customer display and scanner. The MCW10 wireless LAN module is compatible with various models of the mC-Print series.

POS Receipt Printer / Kitchen Order Printer: The [mC-Print3](#) is compact, versatile 80mm receipt printer ideal for businesses operating traditional PC POS systems as well as those migrating to tablet and web-based POS with LAN, USB, Direct Lightning with SteadyLAN™, Bluetooth and Cloud. Front feed and front paper loading with an IPX2 rated splash-proof design, the mC-Print3 ticks all the boxes for today's expectations in kitchens, bars and other demanding hospitality environments including integration into self-service kiosks. The MCW10 wireless LAN module is compatible with various models of the mC-Print series.

POS Solution / Mobile Food & Beverage Vans: The [mPOP](#) is a unique combined Bluetooth /USB receipt printer and cash drawer, simple and elegant, for use with Apple, Android or Windows tablets or desktop PC's. At just 10cm high and 30cm wide, the mPOP™ is easily transportable and offers a contemporary alternative to a traditional cash register or EPOS system. The mPOP can be easily secured on any counter top or can be fixed under the counter. Secure tablet stands available.

POS Receipt Printer / Kitchen Order Printer: The TSP100 is Star's best selling printer series worldwide and combines affordability, innovative design and the very latest printing software. The TSP100IIIU+ and TSP100III Series are available with fixed interfaces including USB, LAN, Bluetooth and WLAN. The TSP100IV is available with USB and LAN interface with direct Data & Charge for Android tablets as well as Star's CloudPRNT technology for customer receipts and remote kitchen orders. Accessories include kitchen buzzer, splash proof cover and wall mount. Furthermore, the TSP100IV is compatible with MCW10.

Pos Receipt Printer / Kitchen Order Printer: The [TSP650II](#) combines high print quality and simple set up with Star's renowned reliability – all at great value. Fast 300mm/second thermal receipt printer offering plug-in interfaces for a range of connection options for traditional POS as well as Tablet and Web and Cloud based systems including USB, LAN. TSP654II HI X offers Cloud order printing directly from web sites and on-line ordering systems. Accessories include kitchen buzzer and splash-proof cover

Table Side Receipt Printer / Delivery Label Printer: The [SM-T300i](#) is a rugged portable Bluetooth receipt and label printer offering high connectivity and functionality at minimal cost. The SM-T300i is compatible with Apple™, Android™ and Windows™ devices. Dust protected and splash-proof resistant design (IP54 certified), with a 1.5m drop test and long battery life, the SM-T300i is the perfect solution for receipt and label printing in-store or for deliveries.

mUnite Tablet Stands: Star Micronics is proud to offer both function and style with its commercial grade mUnite POS solution stands, built to accompany the Star's POS printer range. Easy to set up, our mUnite stands are suitable for a wide range of solutions for food ordering, KDS, menu display and more. The durable steel stands are easy to set up and are available in either black or white to match existing POS systems. The mUnite stands maintain a clean design while hiding all the cables that keep devices connected, routing power supplies under the counter to recapture counter space.

Table Side Receipt Printing, Mobile Vans, Pop Up Stalls, Festivals: The [SM-L200](#) 2" / 58mm bluetooth mobile receipt and label printer is super-compact and provide fast, simple connection to Apple iOS, Android, Linux and Windows Mobile devices. It is simple to operate with micro USB charging and can connect using BLE to iOS devices without the need for traditional pairing. It can also print traditional or linerless labels for customer orders and deliveries. Optional charging cradle available.

Back Office End of Day Reporting / A4 Laser Replacement: The [TSP800II](#) is a unique and versatile thermal printer capable of printing on wider than average media up to 112mm wide. Combined with a unique A4 raster driver capable of scaling an A4 image onto 112mm wide paper, the TSP800II can be integrated as a cost effective receipt, label or kiosk printer or an easy-to-use and compact alternative to standard A4 invoice or report printers with significant paper and consumables cost savings. USB, LAN, and CloudPRNT versions available.

Self Ordering Kiosk: The [Sanei](#) Range Available in 2", 3" and 4" widths, the Sanei range of barcode, ticket, receipt and label kiosk mechanisms offer fast, high quality 203 dpi printing at speeds up to 250 mm/second for kiosks with limited space. Sanei kiosk printers are low profile and ultra lightweight with flexible mounting options including vertical orientation 90° position for the SK1-211 and SK1-311 models for the thinnest of vertical footprints matching today's latest generation of slimline kiosks.

Food and Drinks Labelling: The [TSP654IISK](#) is a high quality 40mm/58mm/80mm Re-Stick label printer for linerless, variable length labels which can be easily re-positioned. The TSP654IISK is ideal for quick service, fast food and take-away restaurants and cafés to highlight customer order preferences. With its high quality and durable design, the TSP654IISK is available with a range of interfaces including USB, LAN, Bluetooth and Star CloudPRNT for printing online orders.

Receipt Printer / Order Printer / Food Labelling: The [TSP743II](#) is a unique and versatile thermal printer capable of printing customer receipts, kitchen orders, food labels, as well as being able to print on thick ticket stock, ideal for customer appointments or high quality coupons. USB, LAN, and CloudPRNT™ versions available for orders and labels printed from a central database. Splash proof cover and integrated kitchen buzzer available.

Kitchen Order Printer: The [SP700](#): fast, easy-to-use, dot matrix kitchen printer ideal for warmer and more humid kitchen environments. Vertical or horizontal printing with wall mount bracket available. Splash resistant and easy-clean design along with options such as red / black printing and integrated buzzer alarm for bars or kitchens. Available with USB, LAN, Bluetooth and CloudPRNT™ connectivity for printing orders from on-line ordering systems

Food Labelling: The [mC-Label](#) is ideal for kitchen, allergy labelling and more. Compatible with strong adhesive linerless labels and a wide range of paper types and paper widths, whilst also featuring extensive communication support: USB-C, wired LAN, Bluetooth®, and wireless LAN, and CloudPRNT. The mC-Label3 is equipped with a paper taken sensor that prints the next label after the printed label is taken. It is designed to meet IP22. Ideal for use in kitchens.

Versatile cash drawer series: With a range of cash drawers with a variety of features and price points, Star Micronics is proud to offer cash drawers for any budget or application. Whether you're looking for the smallest possible cash drawer, or a robust cash drawer for a high volume of cash transactions, Star Micronics has the cash register drawer you need.
